### 3. Matters Arising from Minutes inc. constitution

- V. **Christmas market:** insufficient income for business to provide stalls, but the lights switch on stalls will be increased this year.

VI. **Windsor riverside frontage:** on hold until after the April/May elections; Eton wants to retain views of the castle; River Street car park extension upwards to start April/May.

#### 4. RBWM Councillor Matters

I. **Projects and timescales:** MA wants the 3 major projects to complete before his term as councillor ends; projects are Finding the Brook, the Information Centre and Wifi. This is in addition to speed humps, lighting enhancements etc.

II. **Windsor club closing times:** nightclubs are subject to planning as well as licensing agreements; planning setting closing times for clubs as 2:00 am. Earlier closing time could benefit Eton due to number of people who leave Windsor through Eton after closing times. Boom Boom have applied for a 04.00am closing. Watch this space.

III. **Somerville Road verge protection:** Malcolm Alexander has established funding is available, going to consultation on 8<sup>th</sup> November.

IV. **CCTV:** RBWM are to update CCTV throughout the borough

V. **Meadow Lane car park:** agreed changes delayed due to the death of the lead councillor for parking. These changes will happen re the change of residents parking.

VI. **World War I public space poppies:** in Windsor, why not in Eton?

**Action:** apply for public space poppies in Eton

DB

VII. **Squires Garden Centre:** closed and been sold for significant sum; will be replaced by 38 homes of which one third will be affordable; rumours that there will be hundreds of houses and land was compulsory purchased are wrong. Plan to provide a community café funded by RBWM; may be on greenbelt land, permitted due to very special circumstances.

#### 5. Chairman's Report

i. **Lighting, paving and speed bumps:** being tackled by Eton Action List group.

ii. **Eton Porny OFSTED rating:** ECA congratulated KR, MW for a GOOD Ofsted rating with areas judged as OUTSTANDING. KR, MW and RR thanked ECA and named members for their contributions, including those who will be doing so in future.

iii. **Finding the Brook:** 1) have cleared the culvert 2) checking that height is correct for water to flow 3) landscaping 4) education. Landscaping will start shortly. The official Unbunging likely to happen in the New Year, with work completing by April. Special thanks to RBWM who have provided most of the funding.

- iv. **Wifi in Eton High Street:** will be the same system as in Windsor and will be able to be used for data calls.
- v. **Neighbourhood Plan:** adopted by RBWM but they didn't spot a dropped kerb scheme which would have conflicted by losing a residents parking bay; now being sorted to achieve same outcome (and at lower cost, by chance).
