

CORONA VIRUS LOCAL ASSISTANCE

How the local support will work over the Summer months

The response of volunteers to help Eton folk during the pandemic has been fantastic in recent months. However, the demand for home deliveries has dwindled in recent weeks and, as July comes and a significant number of people will be vacating Eton, we think it is time to put the area delivery system on to standby for the time being.

We will continue to maintain a central phone and email address for residents who wish to organise a delivery and we will circulate this to all residents. The phone number for Eton residents who do not have email remains as 07586997367. The email address for them to contact will remain as hubsupport@etoncorona.com

Of course, we will be in a position to take the area delivery system out of mothballs should the need arise. We hope that you will be prepared to help with any renewed effort if and when there is a significant demand for the area network deliveries to restart.

We would like to say how much we have valued the support that has emerged from the good folk of Eton. Eton is a unique community with many strands and it has been a delight to see it come together to support those who have needed help during these challenging times. We can be satisfied that the community will emerge from this crisis stronger than ever.

We do wish that you enjoy the summer months and any holidays that you are able to have whilst staying safe. Thank you once again for all your help.

Yours sincerely

George Fussey

Deputy Mayor
